

# PRICE Symposium Berlin

October 9&10, 2003

**Examples:**

**Completely new cabin concept**

with the most advanced communication and entertainment systems

## A380

## New Technologies

**CFRP tail plane**

**CFRP pressure bulkhead**

**New materials (e.g. GLARE)**

**Engines: reduced noise emission and fuel consumption**

**Cockpit (optimized man-machine interface)**

**New production processes (e.g. LASER beam welding)**

**Optimized mechanical, hydraulic and electrical systems**

**Wing aerodynamics (based on 3-D design)**
